### DETAILED ACTION

1. Claim 14 is withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on December 22, 2005.

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 8-10, 13, and 15 are rejected under 35 U.S.C. 103(a) as being unpatentable over DE 29,505,682.

DE '682 teaches a four wheel drive vehicle having a power source 1 that drives a first differential 16, then power take-off gearing 24-26 to a prop shaft 27. The prop shaft drives a two mode drive unit 30 which drives a rear differential 32.

DE'892 is silent regarding the manner of connecting the drive unit to the second differential. However, it would have been an obvious design choice to provide a flange and interfitted members to connect the two housings, as is old and well known, in order to simply and effectively connect the two housings.

4. Claims 1-7, 11, 12, 16, 18-24, and 27 are allowed.

5. Applicant's arguments with respect to claims 8-10, 13, and 15 have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 3611

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
